MELCO

Quality Without Compromise.

Vision

“To be recognized as a global trademark of Quality and Reliability”

Mission

“To be a One-Stop centre delivering products, solutions and services of the highest quality to the plumbing industry”

ABOUT US

Since its inception in 1990, RFT Marketing have expanded and diversified over the past three decades to become a leading supplier in the plumbing industry. Equipped with extensive industry knowledge and supported by key manufacturers in Asia, Asia Pacific and Europe, we have access to international resources which includes world class manufacturing facilities and extensive research and development. This enables us to embark on a mission to explore new opportunities and gives our customers access to installation solutions that are optimized for efficiency, time and quality.

MELCO – the widely recognized brand identity of RFT Marketing, has been synonymous with the supply of quality products for various applications in the plumbing industry, and we have built its success on a continuous product development. Apart from producing traditional fittings, our range were expanded to include green technology – Press-fit solution which offers flame-free, quick and easy installation, and a leak proof joint.

With a heritage of quality and reliability, we provide construction professionals a complete solution of Connect and Control installations for use with copper, stainless steel and plastic components.

Awards & Accolades

For the past 20 years, RFT Marketing has been building its reputation for supplying quality products backed by first class customer service and unrivalled expertise. The continuous success of RFT Marketing is built firmly on 3 strategic pillars: Brand Management, Product

Development and Proactive Customer Relationship Management. This put us in good stead with our strategic partners and we are widely recognized as the undeniable market leader that has won numerous accolades for its brand and management.

EYA

In commendation of our founder's committed entrepreneurship and tenacious efforts towards the company, we were conferred with The Entrepreneur of the Year Award. His strong leadership values have successfully navigated RFT Marketing forward to today's business landscape.

This award is organized by the Association of Small & Medium Enterprises and the Rotary Club of Singapore.

SPBA

In recognition of our branding excellence, MELCO was awarded as a winner in the Singapore Prestige Brand Award in the category of Established Brand. This is an important milestone and elevated our brand to another level.

This award is organized by the Association of Small & Medium Enterprises and LianHe Zaobao Newspaper.

SINGAPORE 500/1000

In view of our outstanding financial performances, we are acknowledge as a SME 500 and S1000 company from 2010 - 2019.

The event is organized and ranked by DP Information Group.

ISO 9001

Since 2001, RFT Marketing is certified to be in conformance with ISO 9001. It reflects deeply on us as one who seek continuous implementation and improvement to our business processes.

MIS Series

MELCO plumbing accessories are produced in high quality material to achieve extreme durability and improved functionality. They include Pipe Clip, Loop Hanger, Nylon Collar Bracket, Urinal Bracket, PTFE Thread Seal Tape, Brazing Alloy, Floor Grating and many more.

MELCO range of plumbing accessories is developed to complement MELCO range of pipes, control valves, and connect fittings such as Brass Compression Fittings, Copper Endfeed Fittings, Copper Press Fittings and Stainless Steel Press Fittings, with the intent to provide a complete plumbing system.

Features & Benefits

- ✔ Comprehensive range of plumbing accessories for any plumbing work.
- ✔ Engineered using quality material to ensure strong durability.
- ✔ Developed to complement MELCO range of pipes, connect fittings and control valves.
